Dr. Abdulkareem Algahtani

- Nationality: Saudi
- Mobile: +966556626651
- E-mails: Aghtany@taibahu.edu.sa

Qualifications:

- PhD of Medical Imaging from the University of Exeter.
- MSc of Diagnostic Imaging (Medical Ultrasound Studies) from Glasgow Caledonian University with 'Merit' and with distinction in the dissertation.
- BSc of Diagnostic Radiology from King Khaled University.

Experience and Membership:

- Participated in teaching the following modules at Taibah University (2018–2020): *Ultrasound Imaging I & II, Radiographic Procedures I & III, and Clinical Practice I–IV.*
- Supervised multiple undergraduate graduation projects at the University of Exeter.
- Awarded a Professional Accreditation Certificate by the Saudi Commission for Health Specialties.
- Served as a Teaching Assistant in Medical Ultrasound, Department of Diagnostic Radiology Technology, Taibah University (December 2014– July 2025).
- Served as a Lecturer in Medical Ultrasound at Taibah University (July 2025– December 2025).
- Currently working as an Assistant Professor at Taibah University Since December 2025.
- Completed summer training in the Radiology Department, Sarat Abeedah General Hospital (2010).
- Selected as a Saudi ARAMCO Sponsorship Winner among hundreds of applicants for training at the Radiology Department, Johns Hopkins ARAMCO Healthcare (2011).
- Completed summer training in the Radiology Department, Aseer Central Hospital (2012).
- Completed a full-year internship at Aseer Central Hospital (2013).
- Attended and participated in numerous courses, workshops, and conferences relevant to the field.
- Active member of several local and international professional societies in diagnostic radiology and osteoporosis.
- Volunteered in multiple community and academic initiatives.

Skills:

- Proficient in Microsoft Office and internet research.
- Fluent in Arabic and English, with strong proficiency in all four language skills.
- Skilled in both quantitative and qualitative research methodologies.
- Excellent written and verbal communication skills.
- Strong time management and stress management abilities.
- Critical thinking and effective decision-making.
- Leadership, creativity, and problem-solving.
- Proven ability to build partnerships and work collaboratively, as well as to mentor and develop high-performing undergraduate students to achieve desired outcomes.

Research:
