Dr. Ali Bahny Alhailiy

- Radiology and Medical Imaging Department, College of Applied Medical Sciences, Prince Sattam Bin AbdulAziz University, Alkharj, Saudi Arabia.
- +966556050106
- Alib.alhailiy@gmail.com

Objective

To foster innovation, advancement, and global collaboration in medical imaging technology through the promotion of research, education, and clinical practice.

Experience

2020–2022
Head of Radiology and Medical Imaging Department • Prince Sattam Bin AbdulAziz University.

2011–now
Lecturer / Associate Professor • Radiology **and Medical Imaging Department • Prince Sattam University.**

2020–now
CEO • Saudi Orthodontic Society – Non- Profit Organization.

2019–2020
Technical Director / Quality Coordinator • Radiology Department • Ali Bin Ali Hospital

2013–2014
CT head section / Quality Coordinator • Radiology Department • Prince Mohammed bin Abdulaziz Hospital

2005–2010
CT scan Technologist• Radiology Department • King Faisal Specialist Hospital and Research Centre.

Education

Doctor of Philosophy, University of Sydney. Australia.

Thesis title: Dose Optimization and Establishment of Diagnostic Reference Levels in Cardiac Computed Tomography Angiography. Degree award date: 22 January 2019.

Master Degree in Medical Radiation Sciences, University of Sydney. Australia (2013).

Bachelor Degree in Radiology Sciences, King Saud University-Kingdom of Saudi Arabia (2005).

▼ Technical and administrative skills

- Performed all routine and advanced computed tomography (CT) imaging scans.
- Led the development and operational launch of a new radiology department in a newly established hospital, encompassing scanner specification, design, staffing, and operations.
- Experience in creating and continually updating policies and procedures related to radiation protection, infection control, patient flow, HIS/RIS/PACS workflow and integration, and detailed QA records required by CBAHI accreditation certification.
- Cross-trained new staff members.

▼ Communication

Team member:

- Head of the Practical Examinations Committee for the Saudi Board Program for Radiology Technology.
- Active member of the scientific committee for the Saudi Board of Radiology Technology, external examiner and item writer for the Saudi Commission for Health Specialties.
- Reviewer for many peer-reviewed international journals.
- Member of many governmental and non-governmental institutions in the field of quality in health care
- Consultant to some non-profit associations in the field of governance
- External examiner at Alfaisal University.
- Member of the Imaging Optimisation and Perception Group at the Brain and Mind Centre at the University of Sydney.

Presentations:

- Alhailiy, A. B., Kench, P. L., McEntee, M. F., Brennan, P. C. and Ryan, E. A. Establishing diagnostic reference levels for cardiac computed tomography angiography in Saudi Arabia. (R-0048). The Royal Australian and New Zealand College of Radiologists. **68th Annual Scientific Meeting (RANZCR 2017). Perth, Australia, 2017.**
- Alhailiy, A. B., Kench, P. L., McEntee, M. F., Brennan, P. C. and Ryan, E. A. Diagnostic reference levels for cardiac computed tomography angiography in Saudi clinical practices. **The 9th Annual Congress of Cardiology (ICC-2017), Singapore, 2017.**
- Alhailiy, A., McEntee, M., Kench, P., Ryan, E. Diagnostic reference levels for cardiac CT angiography in Australia. ASMIRT 2018. Australian Society of Medical Imaging and Radiation Therapy, **Canberra, Australia, 2018.**
- Alhailiy, A., weight restriction criteria used in Diagnostic reference levels in cardiac computed tomography angiography. **SSMRT Scientific Meeting, Riyadh, KSA, 2019.**
- Alhailiy, A., Current methods to establishing diagnostic reference levels in Saudi clinical practices. **7th International Conference on Radiation Medicine (ICRM2022), Riyadh, KSA, 2022**
- Alhailiy, A., Proposing a new Diagnostic reference levels in cardiac computed tomography angiography. **3rd PSCC Scientific Meeting, Riyadh, KSA, 2023.**
