Dr. Amal Alsalamah

HEAD OF RADIOLOGICAL SCIENCES PROGRAM

Jeddah, Saudi Arabia | +966 (0)503403903 | amal.alsalamah@bmc.edu.sa

Profile summary

Dynamic academic and healthcare professional with **20+ years of experience** in Radiological Sciences, academic leadership, ultrasound education, and clinical practice across leading UK and Saudi medical institutions.

Expert in **program development, accreditation, postgraduate establishment, clinical ultrasound training, simulation, and AI-enhanced teaching models**. Passionate about advancing ultrasound practice, enabling academic excellence, improving clinical competency, and integrating modern technologies in medical education.

Current Roles:

Batterjee Medical College, Jeddah | Head of Radiological Sciences Program **2021 – present**

- Leading undergraduate Radiological Sciences program and supervising faculty (academic + clinical stream).
- Established postgraduate Master's pathway (2025–2026).
- Led international accreditation (AHPGS – 2024).
- Developed new curriculum, assessment methods, and clinical rotations.
- Designed structured internship training models.
- Chair of program committees and research committees

Assistant professor | Radiological Sciences Program **2021 – present**

- Teaching ultrasound, imaging physics, gynecological scanning, clinical simulation, research skills.

Deputy Editor (Honorary) **2020 – present**

- Ultrasound Journals, British Medical Ultrasound Society.

Professional Experience:

Salford Foundation NHS Trust | Clinical Specialist Obs/Gyn sonographer **Mar 2020 – Apr 2021**

Nottingham University NHS Trust | Clinical Specialist and clinical mentor **Jan 2017 – Dec 2019**

Cardiff and Vale NHS Trust | Senior Sonographer fertility Imaging **Mar 2015 – Apr 2016**

King Fahad Medical City-Riyadh | Obs/gyn ultrasound Technologist **May 2005 – Sep 2007**

Education

Cardiff University, PhD, MSc Obs/Gyn Ultrasound **2010-2015**

PhD Major: Ultrasound | Minor: Simulation Education (2015)

Master Major: Ultrasound | Minor: Blended learning in ultrasound (2010)

The University of Edinburgh, PG Cert Clinical Education **2018**

Major: Education | Minor: higher education

Armed Forces Hospital- Riyadh, Higher Diploma Obs/Gyn Ultrasound **2006**

Major: Ultrasound | Minor: obs/gyn ultrasound

King Saud University, BSc Radiological Imaging Technology **2005**

Major: Applied Medical Sciences | Minor: Radiological Imaging

Noble Achievements

- International accreditation leadership (AHPGS)
- Founder of structured ultrasound simulation pathways
- Published 20+ conference abstracts and 3 scientific journal papers
- Editor and peer reviewer in multiple international journals
- Established clinical ultrasound partnerships in UK and KSA
- Led clinical screening, fetal anomaly protocols, and antenatal ultrasound pathways

Research & publications

- Face and content validity in Ultrasound Simulator (ScanTrainer) (2017)
- Pregnancy of Unknown Location using TVUS (2021)
- Correlation Between Clinical Features of Type 2 Diabetes Mellitus with CT Findings of Fatty Liver Patients (2023)
- Impact of artificial intelligence on the future of radiology: A national cross-sectional study among medical students and radiology professionals (2025)

Technical Skills

- Ultrasound Imaging
- Simulation platforms
- SPSS, SAS analytics
- AI in ultrasound
- Microsoft Office
- Teaching technologies

Professional Registration

- Consultant Radiographer – SCFHS
- Diagnostic Radiographer – HCPC UK
- ISUOG / BSGI member.
- Zahra Breast Cancer association (establisher)
