Prof. Dr. Eng. Minyar Sassi Hidri

Date and place of birth: March 1, 1980, Nabeul, Tunisia
Nationality: Tunisian
E-mail: mmsassi@iau.edu.sa, minyar.sassi@enit.utm.tn
Phone: (+966) 549580013
ScopusID: 12143782200
Web of Science ResearcherID : D-9485-2013
ORCID: 0000-0002-0417-6586
Full Professor in Computer Science at National Engineering School of Tunis, Tunis El Manar University, Tunisia

1. QUALIFICATIONS

1.1. Academic Qualifications

2004-2007 – PhD from the National Engineering School of Tunis, Tunis El Manar University, Tunisia.

Subject : Contribution to flexible database querying.

2003-2004 – Master's Degree from the National Engineering School of Tunis, Tunis El Manar University, Tunisia.

Subject : Optimizing queries in object-oriented and object-relational databases.

2003 – Diploma in Computer Science Engineering from the National Engineering School of Tunis, Tunis El Manar University, Tunisia.

1.2. Certificates

- Training of Trainers (TOT), International Board of Certified Trainers (IBCT), 2022.
- Big Data Specialist with IBM BigInsights, 2016.

1.3. Skills

- **Programming Languages :** Proficient in C, C++, Prolog, Lisp, Jess, PHP, Java (JEE, JSE, JME, Java Card Platform), Python, R, Scala, Microsoft .NET (C#), and JavaScript. Used across research prototypes, course instruction, and academic projects.
- **Artificial Intelligence & Machine Learning :** Hands-on experience with machine learning and deep learning frameworks including Scikit-learn, TensorFlow, Keras, PyTorch, NLTK, SpaCy, and OpenCV. Applied in research projects involving natural language processing, expert systems, and pattern recognition.
- **Data Science & Statistical Analysis :** Skilled in data manipulation, preprocessing, and visualization using Pandas, NumPy, Matplotlib, Seaborn, and Plotly. Experienced in statistical modeling and hypothesis testing using R, SciPy, and Jupyter-based workflows.
- **Big Data & Distributed Computing :** Research-level experience with Hadoop Ecosystem : MapReduce, HBase, Hive, Pig, Sqoop, ElasticSearch, and Apache Spark. Involved in processing large-scale datasets and performance benchmarking studies.
- **Databases & Data Warehousing :** Advanced knowledge of relational and NoSQL databases : Oracle, Microsoft SQL Server, MySQL, PostgreSQL, MongoDB, Redis, Cassandra, Neo4J. Familiar with data modeling, querying, and integration in academic data platforms.

- **Big Data Modeling & Storage Systems :** Worked with columnar and distributed storage engines such as Vertica, Redis, AsterixDB, and Aerospike, in contexts of academic data engineering and scalable architecture design.
- **Web and Software Frameworks :** Experience with Spring and Angular (v4+), applied in educational tools and academic project interfaces.
- **Research Tools & Development Environments :** Proficient with Git, LaTeX, Docker, REST APIs, XML/JSON, and collaborative platforms (e.g., Overleaf, GitHub) for academic publishing, reproducible research, and code sharing.

1.4. Language Proficiency

Arabic – Native speaker. Full professional proficiency in reading, writing, speaking, and academic communication.

French – Full professional proficiency in reading, writing, and speaking. Used in academic and technical contexts.

English – Full professional proficiency in reading, writing, and speaking. Regularly used in teaching, research, and scientific publications.

2. PROFESSIONAL RECORD

Since Nov. 2024 – Full Professor in Computer Science at the National Engineering School of Tunis, Tunis El Manar University, Tunisia.

Since Sep. 2017 – Assistant Professor in Computer Science at Imam Abdulrahman Bin Faisal University (IAU), Dammam, Saudi Arabia.

Nov. 2018-Oct. 2024 – Associate Professor in Computer Science at the National Engineering School of Tunis, Tunis El Manar University, Tunisia.

2011-2018 – Assistant Professor at the National Engineering School of Tunis, Tunis El Manar University, Tunisia.

2008 – 2011 – Assistant Professor at the Higher Institute of Computer Science and Communication Techniques of Hammam Sousse (ISITCom, Sousse University, Tunisia).

2007 – 2008 – Lecturer in Computer Science at Higher Institute of Applied Languages and Computer Science of Beja (ISLAIB, Jendouba University, Tunisia).

2004 – 2007 – Contractual Lecturer at ENIT (Tunis El Manar University, Tunisia).

2003 – 2004 – Teacher Assistant at ENIT (Tunis El Manar University, Tunisia).

3. ADMINISTRATIVE RESPONSABILITIES

Since 2023 – Coordinator of Examinations and Timetables for the Deanship of Preparatory Year and Supporting Studies (DPYSS) for Women's Sections at Imam Abdulrahman Bin Faisal University (IAU).

– Member of the student conduct committee (women's sections) of the DPYSS for studies in medicine, engineering, and design.

– Member of the scientific committee of the DPYSS computer science department at the IAU.

Since 2022 – Member of the planning, supervision and preparation committee for the Hackathon of the Computer Science Department at DPYSS.

3. ADMINISTRATIVE RESPONSABILITIES (Cont'd)

Since 2021
- Member of the DPYSS Committee on Implementing Initiatives in the Computer Science Department.

Since 2020
- Member of the quality and academic development committee of the Computer Science Department at DPYSS.
- Member of the quality committee for assessments and examinations of the Computer Science Department at DPYSS.

2020-2021
- Member of the 2021-2025 Strategic Plan Committee of the DPYSS Computer Science Department at IAU. I was responsible for evaluating the mission and objectives of the Computer Science Department and their alignment with the mission and objectives of the DPYSS and the needs of the company.

2019-2020
- Member of the 2021-2025 Strategic Plan Committee of the preparatory cycle. I was responsible for evaluating the objectives of the DPYSS, the needs for their implementation, and the adequacy of operational plans in accordance with the projects of the IAU.

Since 2019
- Board member of the DPYSS Computer Science Department at IAU.
- Member of the Rehabilitation and Development Committee for Study Plans and Courses in the department of Computer Science of the DPYSS at IAU.

2011-2017
- Member of the Information and Communication Technologies department council at ENIT-UTM.

2014-2017
- Member of the board of the Systems, Networks and Services (SRS) master's degree at ENIT-UTM.

4. TEACHING ACTIVITIES

4.1. Teaching : Undergraduate and postgraduate

At Imam Abdulrahman Bin Faisal University | Saudi Arabia

Course Name	Year	Audience
Data Analytics	2023-2024	Bachelor's degree in Public Health (3rd-year, College of Public Health)
Web-based systems	2022-2023	Bachelor of Science in Computer Information Systems (College of Computer Science and Information Technology, 4th-year)
Fundamentals of programming (C++)	2023-2024	Preparatory year (College of Computer Science and Information Technology track, 1st-year).
Introduction to prog.	2022-2023	Preparatory year (College of Computer Science and Information Technology track, 1st-year).
	2023-2024	Preparatory year (College of Engineering track, 1st-year).
Computer skills	2017-2023	Preparatory year (Health track, 1st-year).
Computer applications in design	2018-2021	Preparatory year (College of Engineering track, 1st-year).

At Tunis EL Manar University (ENIT | Tunisia)

Course Name	Year	Audience
Big Data	2015-2017	Diploma in Computer Science Engineering (3rd-year) Diploma in Modeling for Industry and Service Engineering (3rd-year) Diploma in Telecommunications Engineering (3rd-year)
Advanced Databases	2016-2017	Master's in Information System Techniques (2nd-year)
Distributed Databases	2016-2017	Diploma in Computer Science Engineering (3rd-year) Master's in Information System Techniques (2nd-year)
Databases	2004-2017 2004-2017 2003-2015 2013-2017 2016-2017	Diploma in Telecommunications Engineering (2nd-year) Diploma in Computer Science Engineering (1st-year) Diploma in Electrical Engineering (2nd-year) Diploma in Modeling for Industry and Service Engineering (2nd-year) Diploma in Advanced Techniques Engineering (2nd-year)
DBMS	2014-2016	Diploma in Computer Science Engineering (2nd-year)
Prolog and Lisp	2011-2014	Diploma in Computer Science Engineering (2nd-year)
Expert Systems	2011-2014	Diploma in Computer Science Engineering (3rd-year)
C Programming Language	2012-2013 2013-2015	Diploma in Telecommunications Engineering (1st-year) Diploma in Advanced Techniques Engineering (1st-year)
Prog. Language	2011-2012	Diploma in Industrial Engineering (1st-year)
Oracle	2003-2007	Diploma in Computer Science Engineering (2nd-year)
Algorithms and Data Structures	2004-2007	Diploma in Mechanical and Civil Engineering (1st-year)
Operating Systems II	2004-2007	Diploma in Computer Science Engineering (2nd-year)
Application Service Networks	2004-2007	Diploma in Computer Science Engineering (2nd-year) and Diploma in Telecommunications Engineering (2nd-year)
Object-Oriented Programming	2004-2007	Diploma in Electrical Engineering (2nd-year)

At Sousse University (ISITCom | Tunisia)

Course Name	Year	Audience
Databases	2008-2011	Bachelor Degree in Multimedia and Web Technologies (1st-year)
Advanced Databases	2010-2011	Diploma in Teleinformatics Engineering (3rd-year)
Database Administration and Security	2010-2011	Professional Master's Degree in Network Services and Security (1st-year)
Algo. and Data Struc.	2008-2011	Bachelor Degree in Multimedia and Web Technologies (1st year)
		Bachelor's Degree in Computer Network Technologies (1st year)
Advanced Algorithms	2008-2011	Bachelor Degree in Multimedia and Web Technologies (1st year)
		Bachelor's Degree in Computer Network Technologies (1st-year)

At Jendouba University (ISLAIB | Tunisia)

Course Name	Year	Audience
Databases	2007-2008	Bachelor's Degree in Computer Science : Multimedia and Web (2nd-year)
Internet Service	2007-2008	Bachelor's Degree in Computer Science : Multimedia and Web (1st-year)
General Computing	2007-2008	Bachelor's Degree in Computer Science : Multimedia and Web (1st-year)

4.2. Projects Supervision

- Supervised **45** final-year graduation projects in collaboration with various Tunisian organizations (Ooredoo, Orange, Talan, SunGard, Vermeg, OXIA-Tunisie, Telnet, ST2i, I-Way-Tunisie, HLi Consulting, ScanTech, MedtNet-Tunisie, Motwin Mobile Powered, ARDIA, Intech, MB2I, WaveGlobal Services, Euranova, Integration Objects, Positif) as well as international institutions (Télécom ParisTech - France, FIANIC - France, SAP France, Talan Paris, Cy-Play Paris, Orange Labs - Cesson-Sévigné, Universitdu Littoral Côte d'Opale - France).
- Supervised **21** end-of-year undergraduate projects at ENIT in collaboration with Tunisian organizations (Discovery-Tunisie, Ooredoo, NetInfo, La Bourse, CPG, BC-Tunisie, Navision, InfObjectif).

4.3. Textbooks

- Textbook for Data Analytics.
- Textbook for Relational Databases.
- Textbook for Big Data.
- Textbook for NoSQL Databases.
- Textbook for Distributed Databases.
- Textbook for Advanced Databases.
- Textbook for Database Programming Language | Oracle PL/SQL.

4.4. Responsibilities

2023-2024
- Academic coordinator and course leader for Data Analytics.
- Academic coordinator and course leader for Fundamentals of Programming (C++).

2022-2024
- Academic coordinator and course leader for Introduction to Programming (Python).

Since 2019
- Development of specifications, action plans, and course improvement plans for the Computer Science Department at `DPYSS`.
- Academic coordinator and course leader for Computer Skills.

2019-2021
- Academic coordinator and course leader for Computer Applications in Design.

2014-2017
- Member of the pedagogical reform committee for the Computer Engineering program at `ENIT`.

5. RESEARCH ACTIVITIES

5.1. Research Themes

Theme 1 | Since 2004
- **Information Retrieval and Flexible Database Querying**
  - —Investigated the use of Formal Concept Analysis to improve the precision of search results.
  - —Developed methods for flexible querying of linguistic database summaries, addressing uncertainty in search outcomes and enhancing decision-making in uncertain information contexts.
  - —Designed and evaluated textual similarity algorithms for document retrieval.
  - —Explored personalization techniques to tailor search results based on individual user preferences.
  - —Constructed user profiling models to enable personalized access to information.

Theme 2 | Since 2009

– **Big Data Analytics**
  —Big Data architectures and infrastructures, focusing on distributed storage optimization and the development of scalable parallel processing systems.
  —Developed efficient algorithms and models for large-scale data analysis.
  —Worked on distributed computing techniques to support the processing of massive datasets, emphasizing scalability and performance.
  —Frameworks for real-time and streaming data processing, including handling of continuous data flows in time-sensitive applications.
  —Engaged in data modeling and visualization for high-volume datasets.

Theme 3 | Since 2019

– **Data Science**
  —Focused on machine learning model optimization and its applications in finance, cybersecurity, and employment prediction.
  —Investigated and applied deep learning architectures in practical domains such as document classification, human activity recognition, and early detection of diabetic retinopathy.
  —Conducted research on graph and social network analysis, including motif extraction, community detection, and influence modeling.
  —Explored recommendation system personalization and adaptation to enhance user experience.

5.2. Supervision of PhD Students

– **PhD Candidate** : Rania Mkhinini Gahar
Title : Exploratory analysis of big data for knowledge extraction.
Specialization : PhD in Computer Science.
Institution : ENIT, co-supervised with Nejib Ben Hadj Alouane, Professor at ENIT.
Defense Date : July 8, 2021.

– **PhD Candidate** : Imene Ferjani
Title : Deep Learning - Application to Natural Language Processing.
Specialization : PhD in Computer Science.
Institution : ENIT, co-supervised with Ali Frihida, Professor at ENIT.
Defense Date : May 24, 2023.

– **PhD Candidate** : Najet Medssia
Title : Deep neural network learning for the classification of evolving document streams.
Specialization : PhD in Computer Science.
First Enrollment Date : October 2022.
Institution : ENIT, co-supervised with Ali Frihida, Professor at ENIT.

– **PhD Candidate** : Rahma Souli-Jbali
Title : Data mobility and placement models in large-scale heterogeneous distributed environments : application to unsupervised classification.
Specialization : PhD in Computer Science.
Institution : ENIT, co-supervised with Rahma Ben Ayed, Professor at ENIT.
Defense Date : January 11, 2019.

– **PhD Candidate** : Mohamed Ali Zoghlami
Title : Large-scale unsupervised classification of big data.
Specialization : PhD in Computer Science.
Institution : ENIT, co-supervised with Rahma Ben Ayed, Professor at ENIT.
Defense Date : November 16, 2017.

- **PhD Candidate** : Ines Ben Ali Sougui
  Title : Toward intelligent exploitation of large fuzzy databases.
  Specialization : PhD in Electrical Engineering.
  Institution : ENIT, co-supervised with Amel Grissa, Professor at ENIT.
  Defense Date : July 12, 2016.

- **PhD Candidate** : Sonia Alouane-Ksouri
  Title : Tripartite co-similarity computation of documents in a heterogeneous environment : application to information retrieval.
  Specialization : PhD in Electrical Engineering.
  Institution : ENIT, co-supervised with Kamel Barkaoui, Professor at CNAM Paris, and Noureddine
  Ellouze, Professor at ENIT.
  Defense Date : November 17, 2014.

- **PhD Candidate** : Olfa Arfaoui
  Title : Contribution to flexible querying of native XML databases.
  Specialization : PhD in Electrical Engineering.
  Institution : ENIT, co-supervised with Noureddine Ellouze, Professor at ENIT.
  Defense Date : May 29, 2014.

5.3. Supervision of masters Students

- 6 master's theses in Information System Techniques in collaboration with TU Braunschweig (Germany), alongside Profs. Admela Yukan, Rudiger Kapitza, Thomas Kurner, and Wolf-Tilo Balke.
- 5 research master's theses in Systems, Networks, and Services at ENIT.
- 2 research master's theses in Decision Support and Applied Intelligence in Management, Decision Support track, at ESC/IHEC Carthage.
- 10 research master's theses in Signal, Image, and Information Technologies at ENIT.

5.4. Participation in Thesis Juries

Role : Examiner

- **PhD Candidate** : Sarra Slimani
  Title : Data Mining Techniques for Efficient Resource Management in Distributed Systems.
  Institution : Faculty of Sciences of Tunis (FST).
  Defense Date : May 6, 2023.
  Supervisor : Faouzi Charrada, Professor at FST.

- **PhD Candidate** : Houda Zaidi
  Title : Improving Data Quality : Semantic Correction of Inter-Column Anomalies.
  Institution : CNAM Paris, France.
  Defense Date : February 1, 2017.
  Supervisors : Yann Pollet, Professor at CEDRIC-CNAM Paris ; Naoufel Kraiem, Professor at ENSI ; and Faouzi Boufares, Professor at Sorbonne University Paris.
  Defense Report Link : https ://www.theses.fr/fr/2017CNAM1094

5.5. Scientific Publications

- **37** articles in international journals.
- **01** book chapter contribution.
- **49** communications in international peer-reviewed conferences with proceedings.
- **01** communication in a national peer-reviewed conference with proceedings.
- **05** short communications, posters, and demos with selection committee.

5.6. Others

- Reviewer for international peer-reviewed journals :
  - —Springer Nature : Discover Artificial Intelligence, Discover Data
  - —Springer : Cluster Computing, The Journal of Supercomputing, Knowledge and Information Systems
  - —IEEE : IEEE Transactions on Engineering Management, IEEE Access
  - —MDPI : Machine Learning and Knowledge Extraction, Computers

- Member of program committees for international conferences : SNCC, IML, CSSC, IC_ASET, CEIT, ACECS, CIIA, FSKD.
- Member of the selection committee for candidates applying to the Information System Techniques masterâs program, a collaboration between the Tunis El Manar University and Technische Universitât Braunschweig (2015-2017).
- Contributor to the development of federated research programs (FRP) on the theme *Combating Terrorism* (2016).
- Invited speaker and session chair : ACECS and IWAISE (2014).

6. SCIENTIFIC COOPERATION

6.1. Research Project

January 2021-January 2022 – **Project Title** : Continuous Learning-based Decision Support System for Personalized Multidisciplinary Career Development.
Budget : 20,000 SAR (5,300 $)
Project Number : 2022-017-PYSS
Role : Project Leader.
Funding Institution : Deanship of Scientific Research, Imam Abdulrahman Bin Faisal University, Saudi Arabia.

2015-2017 – Member of the German-Tunisian project *University Network and Master IT*, funded by the German Academic Exchange Service (DAAD : Deutscher Akademischer Austausch Dienst), in collaboration with ENIT and Technische Universitât Braunschweig.

6.2. Scientific Missions

2016-2017 – Research stay at Technische Universitât Braunschweig - Germany, within the Erasmus+ mobility project framework.

2016 – Research stay at Télécom ParisTech, France.

7. WORKSHOPS AND TRAINING

2024
- Participant, Teaching in the age of AI : New Skills, New Challenges, Deanship of Preparatory Year and Supporting Studies (DPYSS), Imam Abdulrahman Bin Faisal University (IAU).
- Participant, The faculty digital assistant : AI support in student assessment, *The center for quality of Assessment and Examinations*, collaboration between Deanship of Academic Development (DAD, IAU) and TURKU University, Finland.

– **Presenter**, Fundamentals of Writing and Preparing for Scientific Publications in Journals and Conferences Organized by the Scientific Research and Innovation Unit, College of Science and Humanities in Jubail, IAU.

2023

– **Presenter**, Workshop on Predictive Analytics and Machine Learning, Computer Science Department (DPYSS), IAU | Delivered a four-hour workshop to faculty members, focusing on core concepts and practical applications in predictive analytics and machine learning.
– **Presenter**, Workshop on Using LaTeX to Design Generic Templates for Theoretical and Practical Exams College of Computer Science and Information Technology (CCSIT), IAU | Delivered a six-hour workshop to faculty members, focusing on LaTeX-based techniques for creating standardized and professional exam templates.
– Participant, What is Artificial Intelligence & how to use it in teaching, collaboration between (DAD, IAU) and TURKU University, Finland.
– Participant, Catalyze your research with Reaxys, Elsevier.
– Participant, Generative artificial intelligence in education, DAD, IAU.
– Participant, Questioning to develop higher-order thinking skills, DAD, IAU.
– Participant, Development through peer observation of teaching, DAD, IAU.
– Participant, Classroom management, DAD, IAU.
– Participant, Microteaching, DAD, IAU.
– Participant, Global Professional Values, DAD, IAU.

2022

– Participant, Good academic practice and avoiding plagiarism in academic institutions, Information Learning and Research Commons (ILRC), Directorate of Library Affairs, IAU.
– Participant, Online tools for systematic review, ILRC, IAU.
– Participant, Practical applications of mind maps in classrooms, DAD, IAU.
– Participant, Empowering students with self-regulated learning skills, DAD, IAU.
– Participant, Strategies to empower students with self-learning skills, DAD, IAU.
– Participant, Enhance self-learning with the customization tool. Deanship of e-Learning and Distance Learning, IAU.

2021

– Participant, Teaching through learning theories, DAD, IAU.
– Participant, Project-based learning, Deanship of Preparatory Year and Supporting Studies (DPYSS), IAU.
– Participant, Competency-based learning, DPYSS, IAU.
– Participant, Assignments for teaching and evaluation projects, DPYSS, IAU.
– Participant, Interactive lecture, DAD, IAU.
– Participant, Integrated education curriculum, DAD, IAU.
– Participant, Managing cognitive load through instructional design, DAD, IAU.
– Participant, SUMMON, Information Learning and Research Commons, Directorate of Library Affairs, IAU.
– Participant, Planning the professional growth of a faculty member, DAD, IAU.
– Participant, Positive thinking in university teaching, DAD, IAU.
– Participant, The pursuit of excellence in mentoring in higher education, DAD, IAU.

2020

– Participant, Writing an effective literature review, ILRC, Directorate of Library Affairs, IAU.
– Participant, Memory and memory aids in the educational process, DAD, IAU.

2019

– Participant, Evaluating teaching and building a table of test specifications, DAD, IAU.
– Participant, Exam Blueprint, DPYSS, IAU.
– Participant, Emotional intelligence skills for the teacher and the student, DAD, IAU.

2018

– Participant, Using Action Research in Teaching and Assessment, DAD, IAU.
– Participant, Providing Constructive Feedback, DAD, IAU.
– Participant, Enhancing learning with technology, DAD, IAU.

7. WORKSHOPS AND TRAINING (Cont'd)

- Participant, Using Cognitive mapping strategy in teaching and assessment, DPYSS, IAU.
- Participant, Practical Aspects of Hospital Information Management System, DPYSS, IAU.
- Participant, Innovative Methods of Teaching for the Thinking Classrooms, DPYSS, IAU.

8. PUBLICATIONS LIST

8.1. Published articles

2025

- Minyar Sassi Hidri, Adel Hidri, Suleiman Ali Alsaif, Muteeb Alahmari, Eman Alshehri : *Enhancing Sensor-Based Human Physical Activity Recognition Using Deep Neural Networks*, Journal of Sensor and Actuator Networks, vol. 14(2), 42, 2025, DOI : 10.3390/jsan14020042.
- Adel Hidri, Suleiman Ali Alsaif, Muteeb Alahmari, Eman Alshehri, Minyar Sassi Hidri : *Opinion Mining and Analysis Using Hybrid Deep Neural Networks*. Technologies, vol. 13(5), 17, 2025, DOI : 10.3390/technologies13050175.
- Imen Ferjani, Minyar Sassi Hidri, Ali Frihida : Dynamic Knowledge Expansion : *Real-time Text Classification with Deep Convolutional Neural Networks*. International Journal of Artificial Intelligence and Soft Computing, Vol.9(1), pp.1-21, 2025, DOI : 10.1504/IJAISC.2025.148123.
- Minyar Sassi Hidri, Adel Hidri, Suleiman Ali Alsaif, Muteeb Alahmari, Eman Al-Shehri : *Optimal Convolutional Networks for Staging and Detecting of Diabetic Retinopathy*. Information, vol. 16(3), 221, 2025, DOI : 10.3390/info16030221.

2009

– Amel Grissa-Touzi, Minyar Sassi Hidri, Habib Ounelli : *An Innovative Contribution to Flexible Query Through the Fusion of Conceptual Clustering, Fuzzy Logic, and Formal Concept Analysis.* International Journal of Computers and their Applications (IJCA), Vol. 16(4), pp. 220-233, 2009.

2008

– Minyar Sassi Hidri, Amel Grissa-Touzi, Habib Ounelli : *Flexible Database Querying based on Ordered Lattice Theory.* International Arab Journal of Information Technology (IAJIT), vol. 5(4), pp. 426-434, 2008.

– Minyar Sassi Hidri, Amel Grissa-Touzi, Rym Chammem : *A Visual Clustering Platform for Cluster's Interpretation and Quality Evaluation.* International Review on Computers and Software (IRECOS), vol. 3(3), pp. 25-32, 2008.

– Minyar Sassi Hidri, Amel Grissa-Touzi, Habib Ounelli : *A Multiple Aspect Data Model Design for Knowledge Discovery in Databases.* International Review on Computers and Software (IRECOS), vol. 3(2), pp. 133-140, 2008.

8.2. Book / Chapter

2018

– Ines Benali-Sougui, Minyar Sassi Hidri, Amel Grissa-Touzi : *Towards a New Extracting and Querying Approach of Fuzzy Summaries.* Multidisciplinary Approaches to Service-Oriented Engineering, pp. 317-339, 2018, DOI : 10.4018/978-1-5225-5951-1.ch015.

8.3. Refereed scientific papers at conferences

2025

- Adel Hodri, Marwa Turki, Noha Hamoudah, Minyar Sassi Hidri : *Optimizing Deep Convolutional Neural Networks for Face-Based Age Classification.* 11th Intelligent Systems Conference, pp. 325-338, 2025, DOI : 10.1007/978-3-031-99965-9_20.
- Rania Mkhinini Gahar, Adel Hidri, Olfa Arfaoui, Minyar Sassi Hidri : *Hierarchical multimodal robust spam detection using Large Language Models and Convolutional Networks.* KES 2025
- Rania Mkhinini Gahar, Badr Gorchene, Adel Hidri, Olfa Arfaoui, Minyar Sassi Hidri : *Building Intelligent Educational Agents : A Scalable LLM-Based Framework for Assessment Generation*, KES 2025.

2024

- Minyar Sassi Hidri : *Multistep Time Series Forecasting of Energy Consumption Based on Stacked Deep LSTM Network Architecture.* International Conference on Computational Collective Intelligence (ICCCI), pp. 132-143, 2024, DOI : 10.1007/978-3-031-70248-8_11.
- Rania Mkhinini Gahar, Olfa Arfaoui, Adel Hidri, Suleiman Ali Alsaif, Minyar Sassi Hidri : *STARM : STreaming Association Rules Mining in High-Dimensional Data.* The 38th International Conference on Advanced Information Networking and Applications (AINA), pp. 136-146, 2024, DOI : 10.1007/978-3-031-57853-$3_1$2.

2023

- Najet Medssia, Minyar Sassi Hidri, Ali Frihida : *Text Stream Classification : Literature Review and Current Trends.* The IEEE International Conference on Computational Science and Computational Intelligence (CSCI), pp. 248-253, 2023, DOI : 10.1109/CSCI62032.2023.00044.
- Rania Mkhinini Gahar, Olfa Arfaoui, Minyar Sassi Hidri : *Towards Big Data Modeling and Management Systems : From DBMS to BDMS.* IEEE International Conference on Advanced Systems and Emergent Technologies (IC_ASET), pp. 531-536, 2023, DOI : 10.1109/IC_ASET58101.2023.10151190.
- Rania Mkhinini Gahar, Adel Hidri, Minyar Sassi Hidri : *Let's Predict Who Will Move to a New Job.* IEEE International Conference on Advanced Systems and Emergent Technologies (IC_ASET), pp. 526-530, 2023, DOI : 10.1109/IC_ASET58101.2023.10150675.

2021

- Imen Ferjani, Minyar Sassi Hidri, Ali Frihida : *Multi-GPU-based Convolutional Neural Networks Training for Text Classification.* IntelliSys (1), pp. 72-84, 2021, DOI : 10.1007/978-3-030-82193-7_5.

2019

- Rania Mkhinini Gahar, Olfa Arfaoui, Minyar Sassi Hidri, Nejib Ben Hadj-Alouane : *Vers une approche heuristique distribuée à base d'ontologie pour la fouille des règles d'association dans les données massives.* 19ème Conférence Francophone sur l'Extraction et la Gestion des Connaissances (EGC), vol. RNTI-E-35, pp.377-378, 2019.
- Eman Ferjani, Adel Hidri, Minyar Sassi Hidri, Ali Frihida : *MapReduce-Based Convolutional Neural Network for Text Categorization.* International Conference on Computational Collective Intelligence (ICCCI), pp. 155-166, 2019, DOI : 10.1007/978-3-030-28374-2_14.

2018

- Rania Mkhinini Gahar, Olfa Arfaoui, Minyar Sassi Hidri, Nejib Ben Hadj-Alouane : *An Ontology-driven MapReduce Framework for Association Rules Mining in Massive Data.* International Conference on Knowledge Based and Intelligent Information and Engineering Systems (KES), pp. 224-233, 2018, DOI : 10.1016/j.procs.2018.07.236.

2017

- Rania Mkhinini Gahar, Olfa Arfaoui, Minyar Sassi Hidri, Nejib Ben Hadj-Alouane : *ParallelCharMax : An Effective Maximal Frequent Itemset Mining Algorithm Based on MapReduce Framework.* The 14th ACS/IEEE International Conference on Computer Systems and Applications (AICCSA), Hammamet, Tunisia, pp. 571-578, 2017, DOI : 10.1109/AICCSA.2017.80.
- Rahma Souli-Jbali, Minyar Sassi Hidri, Rahma Ben Ayed : *High-Performance Bioinformatics in Grid.* The 4th International Conference on Automation, Control Engineering and Computer Science (ACECS), Tangier Maroc, 2017.

2016

- Mohamed Ali Zoghlami, Minyar Sassi Hidri, Rahma Ben Ayed : *Sampling-Based Consensus Fuzzy Clustering on Big Data.* The 26th International conference on Fuzzy Systems (Fuzz-IEEE), pp. 1501-1508, Vancouver, Canada, 2016, DOI : 10.1109/FUZZ-IEEE.2016.7737868.

2016

- Olfa Arfaoui, Minyar Sassi Hidri : *Ontology-based query refinement for XML information retrieval.* The 6th International Conference on Web Intelligence, Mining and Semantics (WIMS), Nimes, France, pp. 35 :1-35 :4, 2016, DOI : 10.1145/2912845.2912882.
- Mohamed Ali Zoghlami, Olfa Arfaoui, Minyar Sassi Hidri, Rahma Ben Ayed : *Classification non supervisée des données hétérogènes à large échelle.* Conférence Internationale Francophone sur la Science de Données - Les 23 Rencontres annuelles de la Société Francophone de Classification (AAFD & SFC), Marrakech, Maroc, pp. 37-42, 2016.
- Sonia Alouane-Ksouri, Minyar Sassi Hidri, Kamel Barkaoui : *Hybrid computing document similarity in large-scale environment.* The 13th International Conference on Fuzzy Systems and Knowledge Discovery (FSKD), pp. 2159-2164, Changsha, China, 2016, DOI : 10.1109/FSKD.2016.7603515.

2015

- Minyar Sassi Hidri, Mohamed Amine Baatout : *2-Maximum spanning fuzzy values-based splitting : an iterative clustering algorithm.* The 25th International conference on Fuzzy Systems (Fuzz-IEEE), Istanbul, Turkey, pp. 1-6, 2015, DOI : 10.1109/FUZZ-IEEE.2015.7337803.
- Mohamed Ali Zoghlami, Minyar Sassi Hidri, Rahma Ben Ayed : *A Merging-Based Consensus-Driven Fuzzy Clustering of Distributed Data.* The 25th International conference on Fuzzy Systems (Fuzz-IEEE), Istanbul, Turkey, pp. 1-6, 2015, DOI : 10.1109/FUZZ-IEEE.2015.7337902.
- Rahma Souli-Jbali, Minyar Sassi Hidri, Rahma Ben Ayed : *Dynamic data replication-driven model in Data Grids.* The 39th Annual International Computers, Software & Applications Conference (COMPSAC Workshops), Taichung, Taiwan, pp. 393-397, 2015, DOI : 10.1109/COMPSAC.2015.253.

2014

- Sonia Alouane-Ksouri, Minyar Sassi Hidri, Kamel Barkaoui : *Text retrieval based on dyadic conceptual projection.* The 24rd International Conference on Database and Expert Systems Applications (DEXA Workshops), Munich, Germany, pp. 198-202, 2014, DOI : 10.1109/DEXA.2014.50.
- Sonia Alouane-Ksouri, Minyar Sassi Hidri, Kamel Barkaoui : *A Tripartite graph-based co-similarities for document retrieval.* The 11th International Conference on Fuzzy Systems and Knowledge Discovery (FSKD), Xiamen, China, pp. 575-580, 2014, DOI : 10.1109/FSKD.2014.6980898.

2013

- Olfa Arfaoui, Minyar Sassi Hidri : *Querying Compressed XML Data.* The 17th Pacific-Asia Conference on Knowledge Discovery and Data Mining IEEE Symposium on Computational Intelligence and Data Mining (PAKDD Workshops), Gold Cost, Austria, pp. 487-498, 2013, DOI : 10.1007/978-3-642-40319-4_42.

- Sonia Alouane-Ksouri, Minyar Sassi Hidri, Kamel Barkaoui : *A Parallel Comparator of Documents*. The 23rd International Conference on Database and Expert Systems Applications (DEXA Workshops), Prague, Czech Republic, pp. 48-52, 2013, DOI : 10.1109/DEXA.2013.13.
- Minyar Sassi Hidri : *Flexible and Cooperative Model for Querying Database Summarization - A First Attempt*. The 5th Conference on Web and Information Technologies (ICWIT), Hammamet, Tunisia, pp. 285-294, 2013.
- Sonia Alouane Ksouri, Minyar Sassi Hidri, Kamel Barkaoui : *Fuzzy Triadic Similarity for Text Categorization - Towards Parallel Computing*. The 5th Conference on Web and Information Technologies (ICWIT), Hammamet, Tunisia, pp. 265-274, 2013.
- Olfa Arfaoui, Minyar Sassi Hidri : *Mining Semi-structured Data*. The 5th Conference on Web and Information Technologies (ICWIT), Hammamet, Tunisia, pp. 51-60, 2013.
- Sonia Alouane Ksouri, Minyar Sassi Hidri, Kamel Barkaoui : *Parallel Architectures for Fuzzy Triadic Similarity Learning*. International Conference on Control, Engineering & Information Technology (CEIT), Proceedings Engineering & Technology, Sousse, Tunisia, vol. 1, pp. 121-126, 2013.
- Olfa Arfaoui, Minyar Sassi Hidri : *Flexible queries in XML native databases*. International Conference on Control, Engineering & Information Technology (CEIT), Proceedings Engineering & Technology, Sousse, Tunisia, vol. 4, pp. 100-104, 2013.
- Ines Ben Ali Sougui, Minyar Sassi Hidri, Amel Grissa-Touzi : *Flexible SQLf query based on fuzzy linguistic summaries*. International Conference on Control, Engineering & Information Technology (CEIT), Proceedings Engineering & Technology, Sousse, Tunisia, Vol. 1, pp. 175-180, 2013.
- Ines Ben Ali Sougui, Minyar Sassi Hidri, Amel Grissa-Touzi : *About Summarization in Large Fuzzy Database*. The 5th International Conference on Advances in Databases, Knowledge, and Data Applications (DBKDA), Seville, Spain, pp. 87-94, 2013.
- Minyar Sassi Hidri, Soukaina Ben Bdira : *Traitement Approximatif des RequÃªtes Flexibles avec Groupement d'Attributs et Jointure*. 13 Conférence Francophone sur l'Extraction et la Gestion des Connaissances (EGC), Toulouse, France, pp. 29-30, 2013.
- Hanene Rezgui, Minyar Sassi Hidri : *Modèle Flou d'Expression de Préférences basé sur les CP-Nets*. 13ème Conférence Francophone sur l'Extraction et la Gestion des Connaissances (EGC) - Session Poster, Toulouse, France, pp. 27-28, 2013.
- Mohamed Charouel, Minyar Sassi Hidri, Mohamed Ali Zoghlami : *Vers un Cadre Évolutif de Classification Non Supervisée*. 13ème Conférence Francophone sur l'Extraction et la Gestion des Connaissances (EGC), Toulouse, France, pp. 49-54, 2013.

2012

- Ines Ben Ali Sougui, Minyar Sassi Hidri, Amel Grissa-Touzi : *A Quantitative Algorithm for Extracting Generic Basis of Fuzzy Association Rules*. The 9th International Conference on Fuzzy Systems and Knowledge Discovery (FSKD), Chongqing, China, pp. 23-27, 2012, DOI : 10.1109/FSKD.2012.6234087.
