CURRENT POSITION

Faculty Member,
Associate Professor of Magnetic Resonance Imaging, Diagnostic Radiology department, College of Applied Medical Sciences, University of Ha'il, Hail City, Saudi Arabia.

INTEREST

My interest to pursuit working in the academic or clinical environment, including training, and developing of the paramedic staff (Radiology, Nutrition, Laboratory, Physiotherapy, hearing and speech therapy specialists). Also, to pursuit working in training of radiology staff especially for advanced techniques such as MRI and Cardiac MRI.

ACADEMIC / PROFESSIONAL PARTICULARS

(A) FIELD OF SPECIALIZATION:

General: Medical diagnostic imaging.

Specific: Magnetic Resonance Imaging.

(B) ACADEMIC QUALIFICATIONS:

1. **Doctor of Philosophy (PhD),** Cardiovascular Magnetic Resonance Imaging, 2010-2014, Centre for advanced Imaging and School of Medicine, University of Queensland, Australia, Dissertation title (early detection of hypertensive myocardial fibrosis by cardiovascular magnetic resonance imaging relaxometery).

2. **Master (Msc),** Magnetic Resonance Imaging, 2006-2008, Centre for advanced Imaging, University of Queensland, Australia,

Thesis title: Assessment of Ischemic heart disease by Cardiac Magnetic Resonance Imaging.

3. **BACHELOR (Bsc),** Applied Medical Sciences in Radiology, 2000-2005, King Saud University, Saudi Arabia

Thesis title: N/A

4. **Postgraduate diploma (PD),** Public health, 1996-1998, Ha'il Health College, Saudi Arabia

Thesis title: N/A

(C) ACADEMIC HONORS AND AWARDS

King Sulman bin Abdulaziz intelligence award, Royal Hail government, 1999.

(D) MEMBERSHIP OF PROFESSIONAL BODIES:

- Member of Radiological society of Saudi Arabia, Joining data (11/2008).
- Society of Cardiovascular Magnetic Resonance in USA, Joining date (8/2013)

(E) LANGUAGE PROFICIENCY:

Associate Professor of Magnetic Resonance Imaging,

CAREER DETAILS

Present Employment:
Associate Professor of Magnetic Resonance Imaging, Diagnostic Radiology department, College of Applied Medical Sciences, University of Ha'il, Hail City, Saudi Arabia

(A) ACADEMIC POSITION HELD

- 2004-2008 Teacher assistant, Medical Diagnostic department, University of Hail, Saudi Arabia.
- 2008-2014 Lecturer, Medical diagnostic department, University of Hail, Saudi Arabia.
- 2014- 2021 Assistant Professor, medical diagnostic department, University of Hail, Saudi Arabia.
- 2021- now Associate Professor, medical diagnostic department, University of Hail, Saudi Arabia.

(B) PROFESSIONAL POSITION HELD

Over All Chair for international Conference "Breast Cancer: Challenges and Management" at University of Hail 9-11/2/2021.

(C) ADMINISTRATIVE POSITION HELD

- President - Council for College of Applied Medical Sciences at Saudi's Universities 2021-2023.
- General Secretary - Council for College of Applied Medical Sciences at Saudi's Universities 2020-2021
- Dean of College of Applied Medical Sciences 2018- 2023.
- Vice Dean for higher studies and scientific research - College of Applied Medical Sciences 2018
- Vice Dean for Academic Affairs - College of Applied Medical Sciences 2014-2018

Fellowship member:

- **MRI consultant – Saudi Commission for Health Specialist - since 2014 (ID 16HA0006003)**

N/A EXPERIENCES:

2004-2005 King Fahad National Guard Hospital:
Internship period for bachelor's degree of medical imaging.
One year internship of practice in Medical Imaging Department in king Fahd National Guard Hospital.
The rotation of trained includes all modalities in RADIOLOGY Department; General radiography, MRI, CTscan, Nuclear Medicine, Angiography, U/S, Medical Physics, Quality assurance.
Course for digital mammography 2004. Course for digital radiography.
Conference for newest in MRI 3T.
Course for PACKS in King Faisal specialist hospital.

2005-2006 health college for boys - Hail
Teacher assistant in health college for boys in hail Establish and lead the medical radiology department
Teacher for medical imaging subjects. This includes MRI, CT, and
Medical physics subjects.
Supervising students in the hospital.
Share in couple conference for medical imaging in king khaled hospital Feb-2006.

2008-2009 College of applied Medical sciences – University of Ha'il
Lecturer in Medical Radiology Department
Teacher for medical imaging subjects. This includes MRI, CT. Supervising students in the hospital.
Share in couple conference for medical imaging in Saudi Arabia 2008-09.

2009-2011 Princess Alexandra Hospital, Brisbane, QLD, Australia
Researcher assistant in the Centre for Advanced Imaging.
Perform the MRI 1.5T, 3T, 7T for human body.

2011-2014 Princes Charles Hospital , Brisbane, QLD, Australia
Researcher assistant in the Centre for Advanced Imaging.
Perform the MRI 1.5Tfor human body.
Perform Cardiac MRI Stress and rest scan.
Perform Cardiac MRI Stress and rest scan.

MEDICAL RADIOLOGY EXPERIENCE:

- Perform all radiology modalities including General radiography, MRI, CT scan, Nuclear Medicine, Angiography, U/S, Medical Physics, Quality assurance.
- Perform all aspects of MRI exams scanning in 1.5T and 3T; neuroimaging, musculoskeletal, Body Imaging, Cardiovascular, Spectroscopy.
- Perform all aspects of Cardiac MRI exams including rest and stress cardiac function and structure exams.
- Long experiences in post processing of Cardiac MR Images.

TEACHING

(A) SUMMARY OF COURSES TAUGHT (Bachelor courses):

- RAD460 Computer Tomography (I)
- RAD461 computer tomography (II)
- RAD480 Magnetic Resonance Imaging (I)
- RAD481 Magnetic Resonance Imaging (II)
- RAD290 Medical ethics and
- patient care RAD210 Sectional anatomy

(B) SUMMARY OF COURSES TAUGHT (Master courses):

- MDR514 Advance of MRI physics and instrumentation
- MDR523 Advances Technique and Clinical I
- MDR524 Advance MRI Procedures
- MDR531 Molecular and MRI
- MDR533 Advances Technique and Clinical II
- MDR534 New trend in MRI
- MDR541 Advances Technique and Clinical III
- MDR542 Research Projects

(C) PARTICIPATION IN ACADEMIC ACCREDITATION

Chairman of the preparation and accomplishment of Germany international accreditation organization AHPGS to the College of Applied Medical Sciences academic programs “Diagnostic Radiology, Clinical Nutrition, clinical laboratory” at 4/2019.

(D) RESEARCH STUDENTS SUPERVISED/TRANIED

level	Number of trainees
Undergraduate student	120
Master student	43

Recent short courses (2023-2024):

- Course from Oxford Executive leadership Program
- Course in Organizational Leadership from Harvard University
- Course in Artificial IN Health Care Intelligence from MIT
- Course in Negotiation Mastery from Harvard University
- Crisis and disaster management in health facilities
- Course in AL and its role in Radiology and education
- Course in leading Digital transformation in health Care
- Course in Intellectual property in Saudi Arabia
- Course in Medical statistics III
- Course in Online Leadership
- Course in certified KPI professional
- Course for digital mammography
- digital radiography
- newest in MRI 3T
- PACKS course
- Basic Cardiac MRI
- Advanced cardiac MRI
- Functional MRI
- Spectroscopy
- ECG for myocardial fibrosis
- CPR course for B.C.L.Sprovider
- Strategy in higher education
- Analysis of functional Magnetic Resonance Imaging
